*One OA perspective: “No matter how separate I feel, no matter that I think no one will really understand my special circumstances. I'm too young, too old, too straight, complicated, smart, shy, foreign, or just a guy... It's this very variety of our membership which enriches us all. Just as it is weakness, not strength, which binds us together, so it is diversity, not uniformity, which expands our understanding and compassion for everyone in the rooms of OA. I thank my Higher Power that this is so, or I might not find the courage to share and to reach out to newcomers. Listening is a skill I have not perfected, and so the opportunity to listen across a wide range of perspectives offers just the practice I might need.”*

Suggested Donation: \$6, but no one should stay away for financial reasons. All are welcome. If donating by PayPal, specify group #52794, For Mail-in, reach Eileen M. at (314) 570-9333

Hungry for another point of view? All around the World of OA, we are yearning for and being uplifted by the wide spectrum of Experience, Strength, and Hope we all share. See you there!
